INTERGOVERNMENTAL REVIEW CLEARINGHOUSE REPORT

September 1 through September 15, 2003

000016

SOUTHERN CALIFORNIA ASSOCIATION OF GOVERNMENTS

INTERGOVERNMENTAL REVIEW CLEARINGHOUSE REPORT

This Intergovernmental Review Clearinghouse Report summarizes the federal grant applications, environmental documents and other information received by SCAG's Intergovernmental Review (IGR) Section during the period **September 1 through September 15, 2003**. The Clearinghouse Report consists of two sections, Federal Grant Listing and Environmental Documentation Listing.

The Federal Grant Listing is provided to inform your organization of all grant applications for federal assistance from our region in accordance with Executive Order 12372. The listing includes state sponsored plans and project types such as Housing and Community Development, Urban Mass Transit, and Human Services. The Environmental Documentation Listing describes regionally significant and non-regionally significant facilities (e.g., transportation, wastewater treatment), residential, commercial and industrial projects which have been voluntarily submitted for review by local governments. Environmental documents received include Notices of Preparation, Environmental Impact Reports, Environmental Impact Statements, Negative Declarations and Mitigated Negative Declarations.

Project descriptions on both listings are organized by county: Imperial, Los Angeles, Orange, Riverside, San Bernardino, and Ventura. State plans and other multi-county plans, projects and proposals are grouped under the "Multi-County" heading at the beginning of the IGR Clearinghouse Report.

IGR CONTACT

To include the interest of your jurisdiction or comment on proposed comprehensive planning, areawide coordination or environmental impacts please contact the IGR Section prior to **September 30, 2003**. Please send one (1) copy of all environmental documentation. Also, please provide the name and telephone number of the contact person on your transmittal. We may be reached at:

Mailing Address: **Southern California Association of Governments**
Intergovernmental Review Section
818 West Seventh Street, 12th Floor
Los Angeles, CA 90017-3435

Telephone: (213) 236-1800
Fax: (213) 236-1962

Questions regarding the Clearinghouse Report should be directed to Laverne Jones, (213) 236-1857.

ANNOUNCEMENT

The comment due date for the Notice of Preparation (NOP) for a Draft Environmental Impact Report (EIR) on the SCAG Regional Transportation Plan (RTP) has been further extended to **September 25, 2003**. In addition to the comment extension period, there will be an RTP EIR scoping meeting on **September 16, 2003 from 4:00 to 6:00 p.m. in SCAG's office in downtown Los Angeles (818 W. 7th Street)**. For further information contact Ted Harris, Regional Environmental Planner, at (213) 236-1916 or e-mail: harrist@scag.ca.gov.

The public review and comment period for the **LAX Master Plan** has been extended to 5:00 p.m. Pacific Standard Time, Friday, November 7, 2003.

Federal Grant Application (s)

LOS ANGELES COUNTY

I20030508

Date Received 9/4/2003 Date Comments Due N/A
Los Angeles World Airports
Palmdale Airport Master Plan
\$ 1,536,620 (total) / \$ 1,382,958 (federal)
Contact: Ulises Aguirre, (310) 646-6679

The last Master Plan completed for Palmdale Airport was in the 1970's. Due to significant growth in north Los Angeles County and anticipated capacity shortfalls at LAX and other regional airports, it is believed that the demand for passenger and cargo services at PMD will grow substantially over the next 30 years. The development of an updated Airport Master Plan will help determine the role that the airport should play in the future regional aviation system. The master plan will provide for the orderly development of aviation facilities as demand grows, enhance safety in air and ground operations and improve services provided at the airport for its users.

Los Angeles World Airports
Ontario International Airport Master Plan--Phase III
\$ 1,919,624 (total) / \$ 1,439,718 (federal)
Contact: Ulises Aguirre, (310) 646-6679

The last Master Plan completed for Ontario International Airport (ONT) was the Terminal Area Master Plan dated November 1985. Most of the projects from that plan have been constructed. Due to significant growth in the inland areas of the Los Angeles region and anticipated capacity shortfalls at LAX and other regional airports, it is believed that the demand for passenger and cargo services at ONT will grow substantially over the next 30 years. An updated Airport Master Plan is necessary to plan for that growth.

Proposed Roll Off Bin Storage and Truck Yard

Contact: Reuben J. Arceo, (626) 430-2207

The project consists of establishing and operating a roll-off bin service and truck yard. The roll-bins are intended to contain discarded inert material, and construction waste on a temporary basis until the material is properly discarded at an official land fill site. The truck yard portion of the project site is to provide for truck parking as the trucks are utilized for delivering the bins to various destinations and returning the bins to the location. The proposed project site consists of establishing and operating a roll-off bin service and truck yard on a vacant parcel located at 13635 Live Oak Lane in the City of Irwindale.

Southern California Gas Company's Application to Value and Sell Surplus Property at Playa del Rey and Marina del Rey

Contact: Roosevelt Grant, (415) 896-5900

Southern California Gas Company (SCG) has submitted its application with the CPUC to sell surplus land associated with 36 lots in Playa del Rey and Marina del Rey. The 34 undeveloped lots located in Playa del Rey are grouped into lot clusters of 1-8 lots. The two Marina del Rey lots represent a single cluster and are located approximately two miles north of Playa del Rey. The lots are to be sold "as-is" and do not carry any requirements for future development. The project area is located approximately 4 miles south of the City of Santa Monica, 1.5 miles north of the Los Angeles International Airport, and 0.5 mile west of the Culver City, and is bordered by the Santa Monica Bay to the west. Playa del Rey is located within the City of Los Angeles and Marina del Rey is located within the County of Los Angeles, approximately 15 miles southwest of downtown Los Angeles.

Corbin and Nordhoff (ENV-2002-1230-EIR)

Contact: Maya Zaitzevsky, (213) 978-1355

The proposed Project objectives:

- Promote the consistency of the Project Site and Ad Area with surrounding properties with respect to Zoning and General Plan Designation.
- To create a new commercial center with the necessary entitlements to allow for marketing of the Site for redevelopment.
- To encourage the preservation of industrially used land within the Northridge Industrial Core by redesignating lands on the edge of the Core currently surrounded by commercial zones and encroached upon by non-industrial uses.
- To update land designation in the Chatsworth-Porter Ranch Community Plan Area to reflect the economic changes of the industrial base of the north San Fernando Valley such that land uses are designated in quantities and at densities, at appropriate locations, for various uses.

The Project site is located at 19601 Nordhoff Street in the Chatsworth area of the City of Los Angeles, California, within the Chatsworth-Porter Ranch Community Plan Area.

John Wayne Airport Administration

John Wayne Airport Settlement Amendment Implementation Plan

Contact: Alan Murphy, (949) 252-5182

The Project is the implementation of the facilities needed to accommodate the growth at the airport provided by the Eighth Supplemental Stipulation and the necessary security measures in the post-September 11, 2001 era. The number of flights, passenger limits, fleet mix and number of passenger loading bridges have not changed from the evaluation contained in Final EIR 582 and the Addendum to Final EIR 582. As a result, the amount of traffic and aircraft noise generated by the project would not change from the evaluation of Final EIR 582 and the Addendum to EIR 582. However, the anticipated facilities needed to serve this demand has changed since EIR 582 was prepared because there is a better understanding of the measures required to comply with post-September 11, 2001 security requirements. The Project would be implemented at John Wayne Airport (JWA) in an unincorporated area of Orange County. The total airport area is approximately 504 acres.

CLEARINGHOUSE REPORT

September 16 through September 30, 2003

000032

SOUTHERN CALIFORNIA ASSOCIATION OF GOVERNMENTS

INTERGOVERNMENTAL REVIEW CLEARINGHOUSE REPORT

This Intergovernmental Review Clearinghouse Report summarizes the federal grant applications, environmental documents and other information received by SCAG's Intergovernmental Review (IGR) Section during the period **September 16 through September 30, 2003**. The Clearinghouse Report consists of two sections, Federal Grant Listing and Environmental Documentation Listing.

The Federal Grant Listing is provided to inform your organization of all grant applications for federal assistance from our region in accordance with Executive Order 12372. The listing includes state sponsored plans and project types such as Housing and Community Development, Urban Mass Transit, and Human Services. The Environmental Documentation Listing describes regionally significant and non-regionally significant facilities (e.g., transportation, wastewater treatment), residential, commercial and industrial projects which have been voluntarily submitted for review by local governments. Environmental documents received include Notices of Preparation, Environmental Impact Reports, Environmental Impact Statements, Negative Declarations and Mitigated Negative Declarations.

Project descriptions on both listings are organized by county: Imperial, Los Angeles, Orange, Riverside, San Bernardino, and Ventura. State plans and other multi-county plans, projects and proposals are grouped under the "Multi-County" heading at the beginning of the IGR Clearinghouse Report.

IGR CONTACT

To include the interest of your jurisdiction or comment on proposed comprehensive planning, areawide coordination or environmental impacts please contact the IGR Section prior to **October 15, 2003**. Please send one (1) copy of all environmental documentation. Also, please provide the name and telephone number of the contact person on your transmittal. We may be reached at:

Date Received 9/15/2003 Date Comments Due 10/14/2003
Palmdale Water District
Lake Palmdale Bypass Pipeline Project
Contact: Matthew Knudson, (661) 947-4111

Palmdale Water District (PWD) transfers water from the California Aqueduct to an inlet structure on Lake Palmdale. The lake is a man-enlarged, dammed forebay for the Palmdale Water Treatment Plant (WTP). PWD proposes to construct a 48-inch diameter pipeline and electrical cable from the existing lake inlet structure across the lake to convey aqueduct water directly to the WTP at times when Lake Palmdale is experiencing poor water quality conditions. The project would be adjacent to and across Lake Palmdale, which is located in Los Angeles County, south of Avenue S and west of Sierra Highway, just outside the City of Palmdale city limits.

Contact: Larry Hensley, (213) 738-2965

The Project Proponent (Meritage Rolling Hills Golf, LLC) and the County Department of Parks and Recreation seek to develop the Palos Verdes Landfill (PVLf) site for recreational use, specifically as an attractive yet affordable public golf course. The scope of this proposed project is limited to development of the former landfill site for recreational use, together with related upgrades to the landfill cover and gas collection systems, and relocation of the existing Equestrian Center operated by the City of Rolling Hills Estates to accommodate the golf course. The New South Coast County Golf Course Project proposed to be located at 25706 Hawthorne Boulevard in the City of Rolling Hills Estates, California. The proposed project site is 173 acres in size and is the location of the former (closed) Palos Verdes Landfill (PVLf).

City of Orange

Santiago Hills II and East Orange Planned Communities

Contact: John Cuykendall, (714) 744-7220

The Santiago Hills II development area is proposed to be developed with approximately the same uses and densities as described in 2000 Supplemental EIR 1278. Santiago Hills II would primarily consist of low density, low-medium density, and medium density residential uses; open space; two neighborhood parks; and a school.

Area 1 of the East Orange Planned Community would consist of low density and low-medium density residential uses, a sports park, neighborhood parks, and open space. Area 2 would consist of low density and low-medium density residential development interspersed with open space and proposed commercial recreation uses that would include a golf course, a marina, and a lodge. Area 3 would consist of low-density residential development.

The project area is located in unincorporated Orange County, within the City of Orange Sphere of Influence. It consists of approximately 6,800 acres at the eastern edge of the City. Regionally, the project area is in a rural or undeveloped state and is bordered to the southwest by the City of Tustin and to the west by open space and residential, commercial, and industrial developments within the City of Orange.

Date Received 9/17/2003

Date Comments Due 11/3/2003

City of Yorba Linda

Santa Ana Canyon Metrolink Station and Parking Facility

Contact: Jim Smith, (714) 961-7170

The proposed project consists of a Metrolink station and three park-and-ride lots and an overflow park-and-ride lot. The Metrolink Station is composed of two platforms that will be located within the Burlington Northern/Santa Fe (BNSF) railroad right-of-way southerly of the Esperanza Road and New River Road intersection. The project site is located at Esperanza Road and New River Road at the Burlington Northern and Santa Fe (BNSF) railroad right-of-way, and at the corner of Esperanza Road and Eastside Circle in the City of Yorba Linda.

City of Stanton Redevelopment Agency

Amendment No. 3 to the Redevelopment Plan for the Stanton Community Redevelopment Project Area

Contact: Steven Harris, (714) 379-9222

The proposed project is to provide the Stanton Redevelopment Agency the authority to use the power of eminent domain on properties within the 427-acre Stanton Community Redevelopment Project Area, as

amended, with the exception of properties designated in the General Plan or the Zoning Ordinance as residential use land or properties used for residential purposes. The project is located in the City of Stanton, County of Orange, California.

City of Fullerton

West Coyote Hills Specific Plan Amendment/Robert E. Ward Nature Preserve

Contact: Melanie Mullis, (714) 738-6837

The applicant, Pacific Coast Homes (PCH), is proposing an amendment to the Coyote Hills West Master Specific Plan 2-A that would permit the type of development proposed by the applicant and to update the development standards for the subject property that were adopted more than 25 years ago.

A maximum of 760 dwelling units is proposed in an area encompassing 177.7 acres within the West Coyote Hills Specific Plan. The overall site includes a total of 582 acres.

In addition to the Specific Plan Amendment proposed by PCH, the City of Fullerton is also proposing improvements to the Robert E. Ward Nature Preserve. Potential improvements proposed by the City of Fullerton for this 72.3-acre property include a small parking area, restrooms and interpretive center, creation of a low fuel zone around the area, a trail maintenance program, interpretive signage along existing paths, and some coastal sage scrub restoration in disturbed areas.

The West Coyote Hills Specific is located at the northwesterly boundary of the City of Fullerton in northwesterly Orange County.

City of Palm Desert

City of Palm Desert Comprehensive General Plan

Contact: Phil Drell, (760) 346-0611

This EIR has been prepared to review the environmental constraints and opportunities associated with the adoption and implementation of the proposed Palm Desert Comprehensive General Plan. In addition to assessing impacts associated with the City General Plan and instituting mitigation measures, the EIR is designed to be used as an information database to facilitate the streamlining or tiering of the environmental review process for subsequent projects proposed in the City.

This Environmental Impact Report addresses the City, its sphere-of-influence (SOI) and additional planning areas. It incorporates technical data collected over a broad area and analyzes General Plan impacts within the context. The EIR summarizes the major goals and policies of the General Plan, as well as the various land use categories set forth therein.

The City of Palm Desert is centrally located in the Coachella Valley, in Riverside County, California.
